RE: Dorman Products Warehouse Addition 2013

Mr. Middleton,

I want to commend you and your company on exceeding our expectations on the Dorman Products Warehouse Addition in Warsaw, Kentucky. The excellent quality of materials provided, and service of ready-mix concrete delivery greatly contributed to the overall success of the project.

Gallatin County Ready Mix was particularly integral to the success of the high-tolerance slab-on-grade project requirements. Achieving the flatness and levelness required for the customer would not have been possible without the uniform concrete mix, delivered at a consistent rate over the duration of the slab pours.

Again, thank you for your hard work and commitment to serving quality products and service. I look forward to working with you and Gallatin County Ready Mix in the future.

Sincerely,

Aaron Weekley  
Project Coordinator
